The Testing Center’s mission is to provide departmental, institutional, and national testing opportunities to students and non-students of the IUPUI community. The Testing Center strives to create an environment which enables examinees to perform to the best of their abilities and to provide opportunities for faculty to increase instructional time with students. To meet this mission, the Testing Center treats all test takers in a professional manner, maintains testing and test integrity based upon best practices in test security, policies and procedures.

The Testing Center supports assessment and evaluation initiatives through the collection of a variety of test/course evaluation data and the dissemination of that data to support instructional decisions within academic units at the IUPUI campus.

The IUPUI Testing Center adheres to the Professional Standards and Guidelines of the National College Testing Association.

**Staff**

Howard R. Mzumara, Ph.D.
Director
317-278-2214
hmzumara@iupui.edu

Kent Stoelting, Ed.D.
Assistant Director
317-278-2288
kstoelti@iupui.edu

Janet Epps
Senior Administrative Secretary
317-278-2750
janepps@iupui.edu

Kate Forrest
Evaluation & Data Processing Services Coordinator
317-274-3325
ocequest@iupui.edu

Kristi Cobble
Testing Srvcs Coordinator for Classroom Assessment
317-274-6916
kcobble@iupui.edu

Melvina Hill
Classroom Assessment Assistant
317-278-5437
evalproc@iupui.edu

Leah Kirkpatrick
Testing Srvcs Coordinator
317-274-2620
indexams@iupui.edu

Elizabeth Smith Dash
Assistant Coordinator

**Testing Center at BS3000**
What We Offer in BS3000 TC

BS3000 Testing Center (TC) provides test candidates with undergraduate, graduate, professional licensure, and remotely proctored exams year-round. Our array of tests include the following:

- CASA
- Castle
- CLEP
- DSST
- MAT
- PAN
- Pearson VUE
- IUPUI Course Test-Outs

**PLACEMENT TESTING**

Placement testing is available for Math, World Languages (Spanish, French, German), and Chemistry. The EAP (English for Academic Purposes) placement test is available on campus for resident or international students. Access to online placement testing is available through the Testing Center (TC) website.

Visit the TC website tc.iupui.edu for more information:

- taking placement tests
- test offerings for state or national exams
- scheduling a test appointment
- additional resources

What We Offer in SL070 TC

SL070 Testing Center (TC) provides a physically secure and electronically proctored testing environment for faculty and students. Professors may choose to test students in the proctored computer-based Classroom Testing facility for many different subjects of study. Currently, we administer classroom exams for the following academic units at IUPUI:

- Biology Department
- Kelley School of Business
- Chemistry Department
- School of Dentistry
- School of Engineering & Technology
- Forensic & Investigative Sciences Department
- Health, Physical Education & Recreation (PETM)
- School of Health & Rehabilitation Sciences
- School of Informatics & Computing
- School of Liberal Arts
- Mathematical Sciences Department
- School of Nursing
- Psychology Department
- School of Public Health

BLUE/Course Evaluations

The IUPUI Testing Center is the campus administrator for online course evaluations for a majority of schools at the IUPUI campus. A total of 16 schools/departments currently use the BLUE online system. BLUE is integrated with IU CAS and the Institutional Database Course Questionnaire Data Manager (CQDM), which allows authorized users to view and use selected components of the system. BLUE allows for coordination and processing of joint- or cross-listed courses. The system also allows for evaluation of multiple instructors within courses. Features available within BLUE/Course Evaluations:

- Question personalization for instructors (available based upon academic unit preference);
- Allowance for flexible evaluation timelines;
- Student ability to access open evaluations through PCs, ipads/other tablets, and mobile phones;
- Provides a green cost savings alternative;
- Quicker access to results (depending upon closing date of courses and departmental needs);
- Students receive reminders about evaluations that need to be completed.

For additional information about BLUE/Course Evaluations at IUPUI, send your e-mail to: ocequest@iupui.edu
